Division of Health Policy Development

# 2006 KENTUCKY ANNUAL MAGNETIC RESONANCE IMAGING SERVICES REPORT

## INTRODUCTION

The Office of Health Policy of the Cabinet for Health and Family Services announces the release of the 2006 Kentucky Magnetic Resonance Imaging “MRI” Services Report. This collection and reporting of this data is required by 902 KAR 20:008. This release is the first of the new Kentucky MRI Registry.

This report covers the period of January 1, 2006 through December 31, 2006. It includes MRI procedure utilization for all **licensed** MRI units operating in Kentucky that are compliant with the Kentucky licensing and regulation reporting requirements. It also includes practitioner owned or **exempt** operated MRI units in the Commonwealth. The registration of non-licensed MRI units became effective beginning in August 2006. All MRI equipment must be registered with the Commonwealth of Kentucky, including physician exempt facilities and licensed facilities pursuant to 900 KAR 6:050.

The Certificate of Need “CON” Division of the Office of Health Policy defines its criteria for MRI types as mobile, freestanding or hospital based MRI units. A hospital based MRI is a unit that operates under the hospitals’ CON and license, regardless if the service is provided by a mobile service to the hospital. A freestanding unit operates independently under its’ own CON and license and is operated independently. A mobile unit operates under its’ own CON and license and provides services to various locations. Exempt facilities also operate as mobiles and freestanding units.

The 2006 report contains a Review Section which includes the total MRI utilization for each year from 2000 through 2006 for the licensed MRI units only. The total MRI utilization data is shown in the Review Section by Area Development District “ADD”. A list of the ADD’s with the corresponding counties is provided as a reference. An ADD map is also included in the report. Questions or comments should be directed to Beth Morris at (502) 564-9592 ext. 3954 or e-mail: [betha.morris@ky.gov](mailto:betha.morris@ky.gov).

Sections of this report include four tables and comments. They include a table for Licensed Facilities, Exempt Facilities, Licensed and Exempt Facilities combined, Equipment Data and Comments.

This report becomes the most recent official data on Magnetic Resonance Imaging Registry of services utilization published by the Cabinet for Health and Family Services. For additional copies of this report, see the following web site <http://chfs.ky.gov/ohp/dhppd/dataresgal.htm> or please submit a request in writing, along with a check in the amount of \$5 made payable to the Kentucky State Treasurer to:

## 2006 Kentucky MRI Registry Licensed And Exempt Notes Section

ADD	Service Type	Facility	Notes
<b>ADD 4</b>			
	F	The Medical Center At Scottsville	Machine is closed and no longer available.
	F	Graves Gilbert Clinic	Our records system does breakout the number of tests, but does not breakout the number of patients that this represents. As a result the number of procedures is accurate, but the number of patients listed is an estimate.
	F	Western Kentucky Diagnostic Imaging	Information System only capable of capturing procedures.
<b>ADD 5</b>			
	M	Spring View Hospital	Mobile unit purchased by hospital.
<b>ADD 6</b>			
	F	Norton Louisville Imaging Services	Temporarily closed pending CON to relocate. Relocated to Premier Diagnostic Imaging effective 1-1 2007.
<b>ADD 7</b>			
	F	Patient First Physicians Group Imaging Center	From September 2005-September 2006 number of patient exams on fixed unit was 2858.
<b>ADD 10</b>			
	H	Kings Daughters Medical Center	Philips Panorama began service June 2006. Hitachi Airis II was removed from service November 2006.
